

INTRODUCING AND NOW BOOKING THE 2014 HEELS ON WHEELS GLITTER ROADSHOW TOUR

The Heels on Wheels Glitter Roadshow is a socially and politically engaged lgbt/queer, feminist performance tour and workshop series now booking for Winter/Spring 2014.

Heels on Wheels shows bring visibility and complexity to femme-inine spectrum experiences by using performance & workshops to accessibly incite wonder, joy, critique, and dialogue. Our show actively complicates and celebrates queer femininities, confronts misogyny and racism, and offers diverse visions of what thriving and surviving as femme folks can be.

Founded in 2010, in our fifth sparkling year we are again touring performers and work that is:

- feminist and anti-oppressive
- multi-racial
- queer / LGBTQ
- by professional artists
- working-class led
- builds gender justice
- theatre, music, puppets, writing, multimedia & performance art
- glittering fun for everyone who attends!

"The Heels on Wheels Roadshow is a glorious campaign to put femininity in the spotlight. **I totally applaud and approve.** It is a delicious combination touring glitterati and local sparkle that showcases some serious queer talent. Don't let them pass you by!"
